## Local conditions and requirements

# Security in Smart Cities: Perception by Stakeholders

Personnel, officials and managers in:

- the City of Oslo (OSL)
- the City of Padua (CPAD)
- emergency and security organizations

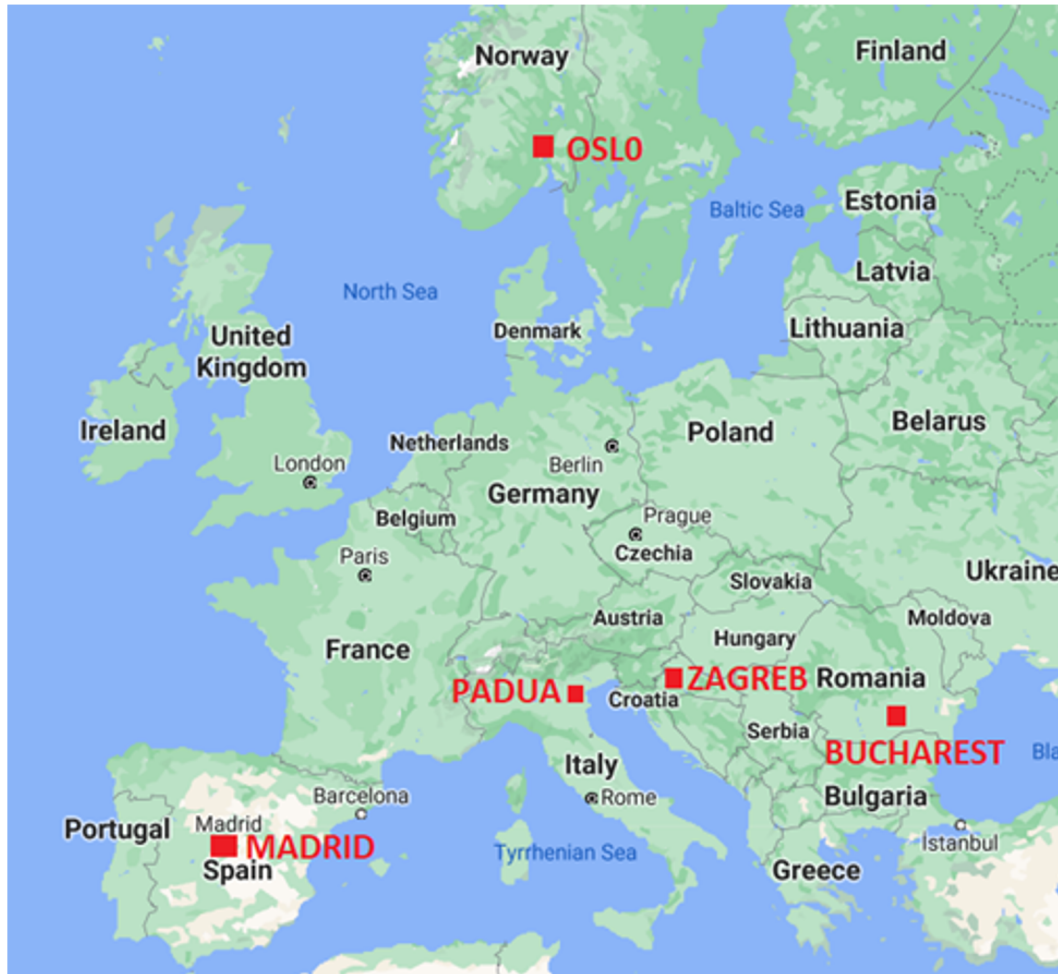

- General public – structured sample of citizens

- General public – convenience sample of citizens

## Public Perception Survey

What do citizens know / want / need / worry about? re Smart City solutions

How ? CATI

5x cca 500

## Public Perception Survey

### GENDER & AGE distribution

## **Public Perception Survey**

### **What did we actually want to determine?**

- Do citizens know what *Smart Cities* (SC) are?
- What is their opinion on SC technology in general (safety and security in public spaces included)?
- Are they thinking about / worried about the possibility of unethical use of SC technology?

## Public Perception Survey

### Padua, Italy

\*<https://www.dorms.com/Italy/Padova>
